

**Prof Polanki Sivaram**

Dr. Polanki Sivaram is a development researcher and a trainer with long years of experience in the National Institute of Rural Development and Panchayati Raj, Hyderabad, India. Dr Sivaram has been an active member of SARNET from its inception and has been generous with his time and expertise by contributing as a speaker at webinars and as a member of the steering committee. He has contributed towards enhancing the capacity of multi-stakeholders on various themes of Rural Development including drinking water and sanitation by organizing over 175 National and International training programs including workshops, seminars, and exposure visits. Currently, Dr Sivaram is working as a freelance consultant on drinking water and sanitation in India.
